Part III DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The phrase "determined from these" on line 6 is vague and indefinite. It is not clear how the average value is determined, from the extremes or the register values.

Clarification or correction is required.

3. Claim 3 recites the limitation "the median" in line 1. There is insufficient antecedent basis for this limitation in the claim.

4. Claim 3 recites the limitation "the variation" in line 1. There is insufficient antecedent basis for this limitation in the claim.

5. Claims 2, 4, and 7-20 are objected to as being dependent upon a rejected base claim.

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. .
